One important factor for me when I am looking for a new boat is the fuel economy. Some might argue that if you have to ask you can't afford it and while that might be true with the cost of marine fuel and the low fuel economy of boating that can add up quickly.. So I have decided to create a user-submitted database of boats and their fuel economy.

Boat Fuel Economy (MPG) Consumption Database

Volvo Penta D16 MH is an in-line 6-cylinder, 16.1-liter, charge air cooled marine diesel engine using a high-pressure unit injector system, overhead camshaft and a twin-entry turbocharger. This contributes to excellent operating economy and world-class diesel performance, combined with low emissions.
