With the coming of the Europeans, however, Indian society and culture were threatened. Foreign ways and customs, different values and beliefs, an increasing white population in the Trans-Appalachian region, and the settler's desire for more land were some of the problems which menaced the Indians' previously unchallenged position in the wilderness.

Native Americans In Indiana - Conner Prairie

People are a part of nature, what we do IS natural, including technology, it's an expression of our nature. I agree that they shouldn't confuse navigation trails, but if you're on a trail like that without map and compass and the skills to use it, there's more wrong than a stack of rocks.
