TUBE AMP SAFETY

WARNING. When dealing with tube amps, you may need to expose some of the amp circuit in order to get to the tubes. At any given time, a point of contact in the circuit could be holding a high amount of voltage. It is recommended that you unplug the amp and let it sit for at least 15 minutes to allow any charged components

MESA/Boogie Type Support

Written by Don Stick on behalf of Bands for Hire. Most guitarists are fairly fanatical about the tube amp. There is something about the glow of hot glass and the imposing sight of weighty iron through the grille that seems to sum up so much of what's cool about the electric guitar. Some of the tube amp designs
